

## Case Study – Integrated OHSAS18001 into existing Management System

“Our association with Rosewood Management Services Ltd now extends to approximately 3 years and during that time both parties have endeavoured to build an effective working partnership. This has been achieved and ServiceMaster Contract Services (Manchester) can confirm that everyone we have come into contact with from Rosewood Management Services Ltd have been a pleasure to work with both in terms of personality and level of specialist expertise”

Guy Johnson – Managing Director

Trudie Newhouse - RKMS  
Guy Johnson - Servicemaster Contract Services (Manchester)

### Programme Objectives

To assist in the implementation of OSHAS 18001 and integrate with the client’s current ISO 9001 & 14001 management system.

### Background

RKMS had assisted the client to achieve ISO 9001 & 14001 in 2010. Since then the company had been successful in increasing turnover by 20% and was keen to gain recognition for their excellent Health & safety record. Some Health & Safety arrangements and policies were already in place and so a gap analysis was carried out.

### Guidance & Assistance Provided

- The existing management system has been integrated with OHSAS 18001.
- The legal register has been updated to include H&S legislation.
- H&S arrangements have been written / reviewed.
- Procedures now meet the requirements of 18001.
- A legal compliance audit has been completed (H&S)

### Outcomes

The Company achieved OHSAS 18001 at the first attempt with no non-conformances

**RKMS have over 20 years experience in risk and compliance  
other services include, business improvement/lean  
management, environmental health &  
safety support and ISO standards  
implementation**
